Dear Friends and Supporters of the Nipomo Native Garden:

We are a 501-c3 non-profit organization and we want you to know that 100% of your donations go directly to supporting the Garden. We have no paid administrators. All tasks are performed by our many dedicated volunteers who not only donate their time, but also the use of their vehicles, tools, equipment, computer services, plants and materials. Your donations, supplemented by proceeds from our annual native plant sale, pay our water bill, the purchases of new plants and planting materials, and repairs and maintenance of the fencing, pathways, and irrigation systems.

Thank you for your support through membership.

For more information about the Nipomo Native Garden contact one of the following individuals, or email to the address listed above in the page header.
